

Silver Star Facts

You can easily fall in love with Silver Star's fairytale village. Inspired by a typical nineteenth century British Columbian mining town era with Victorian architecture, this town is a true winter wonderland. Brightly coloured store fronts and boarded sidewalks provide a unique ambience that radiates fun, enthusiasm and excitement for the whole family. Guests are attracted to the warmth and safety of the town where service and friendliness are as honoured as the values of a time gone by. It's the size of your smile that counts at Silver Star.

From the second you arrive, you'll notice the difference. Silver Star Mountain Resort is not your typical ski destination. The mid-mountain village is painted on a canvas of champagne powder that evokes memories of days gone by. Quaint retail shops and a mix of fine dining and affordable pub-style food offers visitors a variety of choices while exploring the village.
