

Jackson Hole Facts

With 2,500 acres of legendary inbounds terrain, a 1261m vertical rise, over 11m of average snowfall each winter, and unparalleled backcountry access, Jackson Hole offers a truly unique experience. Two distinct mountains in the heart of the Tetons - Rendezvous and Apres Vous - make up Jackson Hole Mountain Resort and have been home to incredible skiing and snowboarding for the past 40 years. Whether you're here to experience "The Big One's" wild, untamed terrain, rolling, wide-open groomers, or you're just getting out on the snow for the first time, it's bound to be an experience you'll never forget.

Jackson Hole Mountain Resort is a long time favourite to both skiers and riders from all over the world with some of the most challenging terrain in USA. On an average day at the Jackson Hole Ski Resort there are only 1,750 skiers skiing on the 2,500 acres of terrain at the ski area, offering one of the lowest skier densities (one skier per one-and-one-half acres!) of any ski resort in the country.

Ski Terrain: 116 trails **Summit / Base Elevation:** 3185m / 1924m
Vertical Rise: 1261m **Longest Run:** 7.2km **Terrain Park:** Yes **Lifts:** 12 including 100 passenger Aerial Tram **Av Annual Snowfall:** 11.6m
