

North Lake Tahoe Facts

Squaw Valley

Squaw Valley is located at the end of a stunning alpine valley cradled by six high Sierra peaks nestled between Truckee and Tahoe City on the North Shore of Lake Tahoe. Squaw Valley is unique among American ski resorts as it offers thousands of acres of open bowl skiing rather than traditional ski trails. Squaw Valley is the perfect resort for those that love skiing and snowboarding and for those that prefer to enjoy the mountains in other ways.

The Village was built with the inviting ambiance of a European style mountain village and features the sort of restaurants, shops, and support services skiers expect to find when visiting such a venerable area.
