With incredible scenery, endless powder-filled bowls and an impressive ski area to suit all ability levels - Whistler really does have it all. Not to mention, legendary après and one of the longest ski seasons.

Whistler Blackcomb has over 8000 skiable acres, and with the introduction of the PEAK 2 PEAK gondola you no longer have to choose just one mountain; you can try both in one day! Nestled at the base of the mountain is the pedestrian only village, which is alive with colourful shops, cosy restaurants and plenty of après ski fun.
